

Installation Instructions

Part No. 5531050 Poly Side Wall Extensions

1. Insert extension walls (3014007) into slot provided along top rails of dump body. Place the angled end towards the front of the dump body and slide into vertical slot.
2. Place the support brackets (3015604 Outside and 3015605 Inside) on dump body and between the slots provided at the bottom of the extension walls. Mount the brackets using the holes located in the brackets.
3. Ensure the extension walls are pushed completely forward. Center the brackets between the bottom slots. Drill 3/8" holes through the dump body on both sides. Use template to locate holes on the outside of the dump body.
4. Ensure hardware is tight, but do not over tighten since this may cause cracking to the dump body.
5. See illustrations below.

Bill of Materials
